

One is a recording superstar with an array of wild costumes; the other is Lady Gaga. Both the ferocious feline singer and the glorious Gaga rock, but only one of them will prevail in the battle of ...

LADY GAGA

Josie AND THE PUSSYCATS

Round 1: The Hollywood Heat Up!

While Gaga may be a recording sensation with two platinum albums under her belt, several hit singles, a number of awards and nominations as well as countless other achievements, she hasn't taken over Hollywood yet! Josie and the Pussycats, on the other hand, have had hit singles, their very own cartoon show (as well as an appearance on Scooby Doo!) and even their own feature film! While Gaga's heating up the charts, she still has to work a little harder to cover all the bases in the entertainment industry the way Josie and the gals have!

ROUND 1 WINNER: JOSIE & THE PUSSYCATS!

Round 2: Crazy Costume Catfight!

Josie and the Pussycats wear kawaii kitty ears and classy leopard-print cat suits, complete with tails. Lady Gaga has worn a dress made out of meat, a dress made out of Kermit the Frog, a bedazzled lobster hat and so, so much more. But has she ever looked cute? The Pussycats, are cute, iconic, and classy ... and they made wearing costumes to perform popular long before Gaga did it. Maybe one day she'll pay homage to their influence? We certainly would want to see that!

ROUND 2 WINNER: JOSIE & THE PUSSYCATS DID IT FIRST, AND THEY'RE CUTER!

Round 3: Music Video Meltdown!

Lady Gaga constantly dazzles, amazes and even shocks her fans with every new video she releases. Each new music video is presented as if it were a short film and she is certain to never disappoint. Josie and the Pussycats shot sixteen music videos in outer space. Case closed.

ROUND 3 WINNER: JOSIE & THE PUSSYCATS ARE OUT OF THIS WORLD!

Lady Gaga is wildly popular, but compared to Josie & the Pussycats? I mean, let's see Gaga go on tour while also dealing with everyday high school problems, a not-so-dependable manager and his career-stealing sister and her reincarnated warlock cat, all while being called on to solve wacky and weird mysteries! Where's the Lady Gaga movie and top-rated tv show? Let's see Lady Gaga perform in outer space! THEN, maybe she can come close to Josie & the Pussycats!
