

Josie's RIVERDALE HOROSCOPES

Happy Birthday, Taurus (4/20 – 5/20)

Now that you are another year older, it is time to start prepping for the future, because big things are in store for you! I see travel in your future ... perhaps a world tour? I know I'd be jealous!

Cancer (6/22 - 7/22)

Stop and listen to the music in your head, even if it's while doing your chores! You might just come up with a great tune ... at least worth dancing to!

Virgo (8/23 - 9/22)

You will have a song stuck in your head that you just can't seem to get un-stuck. But don't worry, it'll go away eventually...when a different song replaces it!

Scorpio (10/24 - 11/21)

You're feeling creative. Any artistic endeavor, be it music, writing, or painting, will be a success! Maybe not a platinum-selling success, but a success nonetheless!

Capricorn (12/22 - 1/19)

Spring is in the air, but before you start nibbling on those flowers, take a look around and enjoy your environment! If you don't stop to smell the roses before you eat them ... they might turn out to taste pretty bad!

Pisces (2/19 - 3/20)

Swim against the stream this month, little fishy! You'll be applauded for doing things your own way! Use your unique nature to come up with some pretty rad outfits!

Happy Birthday, Gemini (5/21 – 6/21)

Before starting a new project to go with your new year, take some hints from those who have gone before! For example, if you're about to embark on a music career, make sure to buy a Josie and the Pussycats album first! ;)

Leo (7/23 - 8/22)

Good luck is on its way, my fellow feline friend! Keep up the hard work, positive attitude and charming nature, and everything you do is sure to turn out *purrfect*!

Libra (9/23 - 10/23)

Mark your calendar ... some time this week something important is going to happen! I'd tell you what, but I forgot to make a note of it on my calendar!

Sagittarius (11/22 - 12/21)

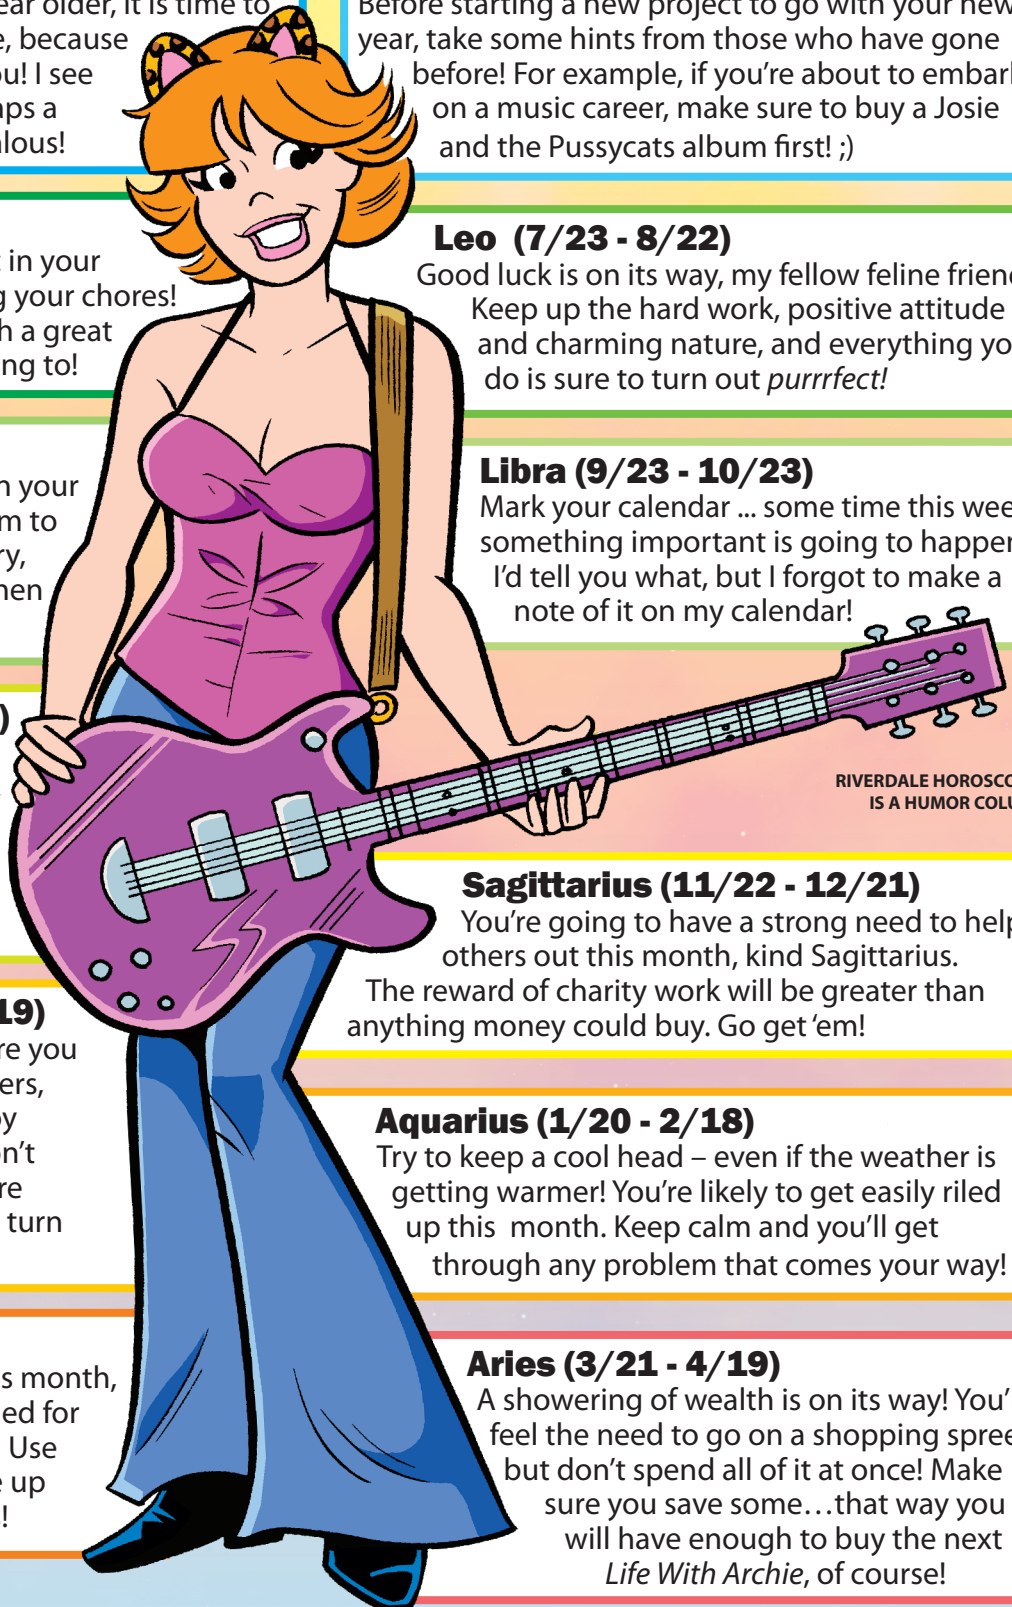

You're going to have a strong need to help others out this month, kind Sagittarius. The reward of charity work will be greater than anything money could buy. Go get 'em!

Aquarius (1/20 - 2/18)

Try to keep a cool head – even if the weather is getting warmer! You're likely to get easily riled up this month. Keep calm and you'll get through any problem that comes your way!

Aries (3/21 - 4/19)

A showering of wealth is on its way! You'll feel the need to go on a shopping spree, but don't spend all of it at once! Make sure you save some...that way you will have enough to buy the next *Life With Archie*, of course!
